

1. Draw a salt shaker with some salt in it. *This is what Jesus says we must be like.*

2. Draw someone eating some meat with no salt on it. He makes a bad face. It doesn't taste good! *This is what Jesus says the world is like if we are not friends with people who don't believe as we do.*

3. Draw some grains of salt falling on a food that you like. Now you should draw a person eating that with a smile. *Label your drawing: The person eating are people in your school or play group. The salt is you!*
